THIS YEAR'S TOWN REPORT IS  
DEDICATED TO WARREN BROWN.

WARREN AND HIS WIFE, RUTH,  
HAVE BEEN RESIDENTS OF  
BRENTWOOD SINCE SEPTEMBER,  
1975.

WARREN, WHO HAS BEEN TOWN TREASURER SINCE 1978, IS RETIRING FROM THAT POSITION THIS YEAR. IN ADDITION TO BEING TREASURER WARREN WAS INSTRUMENTAL IN FORMING THE "BRENTWOOD SENIORS", HAS BEEN TREASURER OF THE BRC AND THE FIREMEN'S ASSOCIATION; A MEMBER OF THE BUDGET COMMITTEE; A MEMBER OF THE HISTORICAL SOCIETY; WAS ON THE FISCAL SERVICES COMMITTEE AND THE ROAD COMMITTEE AS WELL AS ON THE COMPUTER RESEARCH COMMITTEE.

EVERYONE WHO HAS HAD A CHANCE TO WORK WITH WARREN KNOWS THAT HE IS A WILLING WORKER, THAT HE FOLLOWS THROUGH THE TASK AND HAS VALUABLE EXPERIENCE WHICH HE GENEROUSLY GIVES TO THE TOWN.

WARREN IS RETIRING AS TREASURER BUT WILL STILL BE ACTIVE IN HIS MANY OTHER ACTIVITIES. THOSE OF US WHO HAVE WORKED CLOSELY WITH WARREN IN HIS CAPACITY AS TREASURER WILL MISS HIM.

THIS IS TO CERTIFY THAT THE INFORMATION CONTAINED IN THIS REPORT  
IS COMPLETE AND CORRECT TO THE BEST OF MY KNOWLEDGE AND BELIEF

DATE: Feb 10, 1993

TRUSTEE: Eric Gaynor Treas

The 250th Celebration Committee wishes to thank all the community organizations, area businesses and individuals of Brentwood and surrounding communities for three years of support. The participation in activities and purchase of souvenir items has been very gratifying.

The remaining supply of souvenir booklets will be turned over to the Brentwood Historical Society and the medals to the Town. The hats not sold by Town Meeting time will be given to the Brentwood Newsletter. Income from sale of these will go toward the support The Newsletter in appreciation for their coverage and for Linda Rousseau's untiring efforts in all the activities ranging from the Variety shows to the parades and everything in between.

Word was received in February that the plaque that we applied for commemorating Daniel Webster's Rockingham Memorial Address at Brentwood in 1812 is sixteenth on the approved list and will probably be erected sometime in 1994 as the State averages about ten per year.

Finally, we point with a degree of pride to the financial report. In spite of difficult economic times, we are able to return nearly \$13,000 of the \$19,000 appropriated and feel that we have succeeded in our stated purposes of not only providing a good time but of raising community awareness and involvement.

It has been a pleasure to serve on this committee.

Jane Byrne, Linda Cowie, Joan Tuck, Verna Cronan, Rebecca Dunham, Thirza Northrup Lausier, Arlene and Lawrence Lyford, and Norman Wilson.

## MARY E. BARTLETT LIBRARY

What a rewarding feeling to know that our library facilities are being used by 854 registered readers. In this "economic slump" our residents can find enjoyment and entertainment with a fine selection of books, magazines, and audio tapes.

Our reference section has been greatly updated. There are a variety of sources to check when it is time for students' special assignments or projects, whether brief or involved. We hope that you take advantage of these new books and see how useful they can be.

The 250th celebration brought about the "long-overdue" dedication of the George E. Beyea Children's Room. It was a well-attended event and gave many their first opportunity to really inspect this beautiful room. Once again we want to thank all the many people who were involved in this gigantic project.

The Friends of the Library, with its superb President and officers took on the monumental task of organizing the third house tour in Brentwood. In addition, under the constant guidance of Marilyn Schaefer, the Friends hand-pieced a beautiful quilt and raffled it off in December. Both of these fundraisers were very successful and also afforded lots of laughs and good times for those who participated. And how can we forget that delicious chili and those corn muffins? Top it off with the Seniors' delicious goodies and that alone is reason to have more elections!!

The library was fortunate enough to be awarded a grant by the New Hampshire State Library that enabled us to purchase a computer system. There was one problem though - we needed matching funds. Our thanks go out once again to those dedicated supporters who helped us reach our goal in such a short time - Mr. & Mrs. Ted Boddy, Mr. & Mrs. Bill Morehead, Mr. & Mrs. David L. Weening, Mr. Paul Faxon of Custom Woodworking of Brentwood, and Mr. Ned Frederick of Exeter Research.

We must extend our thanks for all the time and hard work that one trustee has done for us. Pam Frederick has been a loyal supporter and hard worker and will be missed greatly. An additional thanks goes to Marilyn Morehead and Grace Woods. Lots of extra volunteer hours go into their jobs and the library certainly benefits greatly.

Brentwood should be very proud to have such a nice library. Of course, it has become this due to the time, support, and contributions given by so many people in this town. We compiled a "wish list" quite some time ago and we are pleased to be able to say that four of our wishes have been filled - we purchased a computer system, we were given a television and VCR, our picket

fence is up, and the balcony is built and stained. There are many other wishes for the future, but we are so gratified to be able to see these accomplishments so soon.

If you haven't stopped by in awhile please do so and if you're a newcomer we'd love to have you see what we have to offer. We think you'll like it!

Report of the Brentwood Recycling Committee:

Curbside Recycling was introduced in Brentwood in June 1991, so 1992 became our first full year of participation in this voluntary program. The weekly, "co-mingled" pick-up is a service provided by the Town and contracted from Hussey Disposal Co. The quantities of materials recycled in 1992 are:

Aluminum cans	3.8 Tons
Brown glass	7.1 "
Green glass	10.2 "
Clear glass	17.5 "
Newspaper	37.1 "

This saves the Town over \$4,000.00 in tipping fees at the landfill. Thanks to all of those who make the effort to be environmentally responsible.

This committee's primary efforts during 1992 culminated in the establishment of a drop-off center for plastics container recycling in September. We are collecting PETE soda bottles, natural HDPE milk and water jugs, and colored HDPE laundry soap containers. This is a reality thanks to the Lambert family for their donation of the use of their land on Route 125, and the team effort of 55 volunteers who staff the center every Saturday.

Our goal for 1993 is to expand the use of the drop-off center to include waste papers (non-newsprint) and scrap metal collection. Projects in composting education will be sponsored jointly with Swasey Central School.

We appreciate this communities' enthusiastic participation in the evolving recycling programs-----See you Saturday morning!

## BRENTWOOD INDUSTRIAL DEVELOPMENT COMMISSION

As we approach the end of another business year, we are seeing signs that the economic slump that we've all been in is coming to a gradual end--finally! We also see that our preparations of the last few years are beginning to pay off.

As a result of its high unemployment rate and concerted joint effort by several of its town, Rockingham County was, in mid-1992, designated a "Title IV Redevelopment Area" by the U.S. Department of Commerce. Brentwood, through BIDC is an active member of the Rockingham Economic Council, the on-going group formed to secure the benefits of this designation. BIDC has already submitted a proposal.

We are in the process of securing non-profit status for Brentwood Growth Authority, our "sister" corporation. This status will allow us to apply for low interest rate loans, and in some cases, grants, to promote the economic conditions of our town.

Recent contacts with the Wellhead Protection Agency and Department of Transportation have registered our concern regarding the safety of the aquifer at the north end of Pine Road during and after the upgrade of Route 101 and construction of the mitigation wetlands.

BIDC has recently received three significant inquiries, two from N.H. Department of Resources and Economic Development, and one from a consulting developer. In each case, the client was looking for over 100 acres of commercially zoned property, close to an existing highway grid, suitable for a warehouse and office space complex. Two of these are still active. Either would have major impact on Brentwood, in terms of jobs and tax base.

We have funds left from last year and will not request more at the Town Meeting. Our 1992 expenses were very low because we chose not to advertise in such a poor economic climate. We now are examining options to economically make people aware of our town.

 , CHAIRMAN

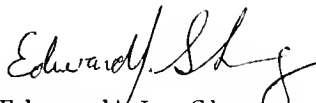

BRENTWOOD BUDGET COMMITTEE  
1 Dalton Road  
Brentwood, New Hampshire 03833

February 18, 1993

The Budget Committee disagrees with the proposed school budget for fiscal year 1993-1994, as submitted by the Brentwood School Board for publication in the Town Report. There are errors and changes. The Budget Committee feels it is important for the town to have an accurate picture of the budget process from start to finish. We have, therefore, determined it is in the best interest of the town to publish the budget, dated December 18, 1992, as originally presented to us by the School Board.

The figure for 1991-1992 Expended Teaching Supplies (account #1100610) has been corrected to reflect the actual expenditure.

The last column indicates the Budget Committee's recommendations.

  
Edward J. Sherry,  
Chairman

**SCHOOL WARRANT  
STATE OF NEW HAMPSHIRE**

To The Inhabitants of the School District In the Town of Brentwood, qualified to vote in District affairs:

You are hereby notified to meet at the Swasey Central School on the eleventh day of March, 1993 at seven o'clock in the evening (7:00 PM) to act upon the following subjects:

1. To see if the Brentwood School District will enter into a collective bargaining agreement with the Brentwood Teachers' Association (the union representing the teachers in the Brentwood School District), by approving the cost items in the collective bargaining agreement reached between the Brentwood School Board and the Brentwood Teachers' Association, covering the three year period from September 1, 1993 until August 31, 1996, containing, in summary, continuation of existing non-salaried benefits, and the following salary increase schedule:

First Year:           3% increase in salary schedule over 1992-93, longevity compensation, but no increase in longevity rate;

Second Year:       Salary increase, "step" and longevity compensation provided;

Third Year           Salary increase, "step", and longevity compensation provided.

Under the agreement, the approximate additional cost of teachers' salaries for each of the three years (subject to change resulting from changes in the number of and in the education degrees and experience of the actual teachers employed) will be as follows:

<u>Year</u>	<u>Percentage</u>	<u>Estimated Amount</u>
1993/94	3.1	\$13,259.00
1994/95	3.6	16,123.00
1995/96	3.3	15,377.00

Further, an additional cost pursuant to the agreement is a \$1000.00 increase in sums available in the 1993/94 for teacher conferences, to be continued in each successive year of the contract. A contingent liability exists for the costs of retirement incentive bonuses with possible net costs in 1994/95 of \$2,200.00 net, 1995/96 of \$2,300.00 net, or some combination of a portion of each in the second and third years of the contract, not to exceed \$2,300.00 net, for the contract period. (Recommended by the Budget Committee)

2. To see what sum of money the School District will vote to raise and appropriate for the support of the schools, for the payment of salaries for School District officers and agents, and for the payment of the statutory obligations of the District.
3. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers of the District.
5. To see if the school district will vote to create an expendable general trust fund under the provisions of RSA 198:20-C, to be known as the AREA Agreement Tuition Fund, for the purpose of authorizing the school board to reserve thirty-five thousand, one hundred dollars (\$35,100) from excess money in the school district's 1992-93 tuition appropriation in anticipation of any debit in tuition payments due at the closing of accounts for the 1992-93 fiscal year. Furthermore, to name the school board as agents to expend up to thirty-five thousand one hundred dollars (\$35,100.00) toward this purpose. (Recommended by the Budget Committee)

6. To hear the reports of agents, auditors, committees, of officers chosen, and take any vote relating thereto.
7. To choose agents and committees in relation to any subject embraced in this warrant.
8. To transact any other business which may legally come before this meeting.

TOWN OF BRENTWOOD  
REPORT OF THE SCHOOL DISTRICT MEETING

At a legal meeting of the inhabitants of the School District in the Town of Brentwood, in the County of Rockingham, State of New Hampshire, qualified to vote in School District Affairs, held at the Swasey Central School, on March 5, 1991, the following business was conducted.

G. Turcotte opened the meeting at 7:01 PM by motioning to appointment William Vahey moderator in the absence of Don Dunbar; this was seconded by C. Mitchell and motion carried with voice vote.

W. Vahey introduced Diane Nockles, Swasey School's new Principal. He requested approval for her to speak if she is called upon at this meeting (since she is not a resident of Brentwood). Motion was made by G. Turcotte, seconded by C. Mitchell to this effect, and a voice vote carried the motion.

W. Vahey asked for a motion to allow representatives of SAU 16, W. Clancy, Superintendent, and K. Lynch, Assistant Superintendent, as well as Gordon Graham, School District Attorney, (asked by W. Vahey to be present as a resource for him) to speak as needed. I. Cross stated that he had no objections to any of these people speaking, if they are needed, but he suggested an 'experiment' tonight. He would like to see how much of the meeting could be handled by the people of Brentwood, and if help is needed, fine. It would become obvious, and at that time assistance could be requested. W. Vahey asked if the majority approved of this suggestion, and lacking a motion to the contrary, this was approved.

W. Vahey announced that the budget printed in the Town Report is last year's school budget, and corrected sheets were available in the back of the room.

I. Cross moved to forego the reading of the warrant; a second came from the floor, and a voice vote carried the motion.

1. To see what sum of money the School District will vote to raise and appropriate for the support of the schools, for the payment of salaries for School District Officers and Agents, and for payment of statutory obligations of the District.

E. Sherry moved the sum of \$2,565,350. for the support of the schools for the payment of salaries for School District Officers, and Agents, and for payment of statutory obligations of the District. Seconded by L. DeYoung.

Discussion: E. Sherry spoke to this as the sum that the BudCom and School Board worked out in their meetings, and it is a fair sum of money to work with, with the School Board in agreement with it, and the BudCom endorses it. C. Mitchell, as the School Board representative to the BudCom spoke in favor of "a financially very attractive budget that will allow our very experienced and competent Principal and Staff to give the students a sound and fundamental education", noting that the budget is down from last year.

Ched Miller came to the podium and presented the rationale for petition #8, that request the District to vote to raise and appropriate the sum of \$60,551. to bring back one teacher laid off last year, and not lay off the teacher scheduled to be laid off this year, with the warrant presented on the contingent that the \$60,551. is reduced out of the operating budget as presented. He moved that consideration of article #1 be postponed until after consideration of article #8. W. Vahey informed C. Miller that he was going to declare him out of order, since the motion on the floor is to appropriate \$2,565,350., and he cannot, at this time, entertain another motion to table this. C. Miller stated his understanding that it was possible to make this motion. I. Cross informed the moderator that the way to accomplish both of these things with the main motion on the floor, is with a motion to amend that down by the amount of money to be pulled out of the budget (\$60,551.), thus obviating the need to "go through this 2 times, that's the way to do it".

W. Vahey informed those present that he had been advised by DRA that Article 8 is an unacceptable article, and the way it is written, it cannot be accepted at this School District Meeting.

C. Miller commented that 45 citizens of Brentwood thought it was important enough to discuss at this meeting the type of school they want to have for their children. Article #8 was written by the same law firm that represents the Town of Brentwood. It was written by an attorney that specializes in town law. C. Miller stated that if W. Vahey declares the article inappropriate, he would make a motion that he be overridden, and ask the Town to vote on that.

I. Cross, once again addressed the means of accomplishing this issue. He stated that he had no desire to prevent C. Miller from presenting his case. E. Sherry questioned if we were out of order speaking about Article #8 right now, but it seemed to him that Article 8 is a revenue neutral Article the way it is written, so he questioned why the motion on the floor must be adjusted. W. Vahey noted that any motion can be adjusted, but he reiterated that he cannot accept Article 8, again based on advice from the Department of Revenue Administration. He stated that the citizen can do as they wish, but no one can say that he did not advise them of the legalities of the issue. He noted that he had reviewed all articles with the DRA to be sure that all legalities are addressed.

C. Miller motioned that Article #1 be tabled until action is taken on Article #8; seconded from the floor. W. Vahey ruled this motion out of order since there was already a motion on the floor that had to be taken care of. Discussion ensued regards why the motion to table was not acceptable. C. Miller stated that the reason he did not want to reduce the budget by \$60,000. at this time, was that he did not want to get to Article #8 and find that it is not approved, thus taking \$60,000 out of the budget with this action.

I. Cross addressed the issue again, and noted that just because a move to amend is taken, this does not mean that a vote would carry the reduction. C. Miller stated that the law, as he understands it, is that "we can pass over it and come back to it at a later time". Discussion ensued with some agreement for both sides of the issue. W. Vahey stated that if Article #1 had been tabled before the motion to recommend was made, than Article #8 could have been brought up, but that did not happen. From the floor, it was felt that a member of the audience could move to table a motion until later on, or after all other articles have been dealt with. W. Vahey consulted with legal counsel.

I. Cross moved to amend the school budget to a figure of \$2,5799. and was seconded from the floor.

W. Vahey noted that he should have responded before he recognized I. Cross, that he is going to stick with his decision on not tabling Article #1, since it was brought up the way it was supposed to, and action is going to be taken on it before moving on.

C. Miller commented that, as he said earlier, there were a number of people in town who felt it would be important to discuss the benefits of clustering and the benefits of traditional education. What he has seen is that "we cannot have traditional education because we can't afford it", and he spoke about the teacher lay-offs in an effort to get economic conditions in Town under control. What he offers (with Article 8), is an opportunity to talk about our education without increased cost. He commented on the opportunities to "move priorities around" in order to address these issues, and went on to speak about these priorities, and his feeling that the traditional education offered in Brentwood works, and gave some examples. Further, it was his opinion that clustering was not 'such a great program', and spoke to the problems that the new Principal could encounter in "leading us into clustering". Further, he commented on the charts that he circulated to the Townspeople that showed where the school dollars were going, noting that it was not going to the regular education of the children. He then reviewed the areas where he feels dollars can be prioritized to cover the \$60,551., that would enable the teachers to be rehired.

From the floor, speaking against the amendment, primarily from the standpoint that we have a BudCom and a School Board, who are working in our best interest. If what we are talking about here, in terms of reducing the budget, is cutting out 'fat', where was the BudCom? It was felt that the discussion belonged at the time the budget was being proposed, if indeed there is 'fat'. The other point made was that if we are faced with problems later on, the \$60,000 could be lost out of the budget, thus requiring a special meeting.

E. Sherry commented that all items discussed by C. Miller in his presentation were discussed at BudCom meetings, and there was no support for reduction in any of the items. The School Board did a good job of defending all of their recommendations, and he feels that it would be irresponsible to pull it out of the budget to bring back teachers. He further noted that both the Brentwood Teachers Association and the School Board agreed that 3 positions would be eliminated from the staff in last year's negotiations, in order to come up with the money required for teachers' raises. Ed reminded that voters that "here we are, back to square one, wanting to put teachers back", further cautioning that if we go along with these cuts, next year somebody is going to be putting them back in, and he feels this is no the way to go.

C. Miller finished his presentation, wanting to make it absolutely clear that he "doesn't think there is fat in the budget", rather that it is where he wants to prioritize for the education of the children. He does not feel that clustering can work as effectively as the current program. He noted that all he is talking about is 2.4% of the budget, noting that \$70,000. was given back to the Town last year by the School, and the Town gave back \$90,000., making his point that no one budgets perfectly. His hope is that the conversation will be on the type of education wanted, not on the dollars.

From the floor, Ms. Gove asked if D. Nockles could explain cluster teaching to her and to others. D. Nockles explained the present teaching, in separate age groups, two first grade classes, 2 second grade classes, etc. Cluster grouping/multi-aging in schools will combine two classes if they have too few children for one age level. Thus making, instead of 4 classes, 3 classes, mixing age groups, where, instead of teaching a group of 2nd graders alone, there might be a group of 2nd and 3rd graders combined. Children should be looked at in their skill development and taught that way, rather than teaching to the whole class, as is done now. Further, she stated that whether you combine classes or leave them separate, differentiated instruction should still take place, and Brentwood needs to move in that direction. When 2 grades are combined, there is a lot of overlap, and it can be beneficial to the students. She further noted that, after having worked for 34 years in education, under every kind of organizational structure, they all work, with teacher and parent involvement and acceptance. From the floor, favorable comments regards cluster teaching were made. Question regards transition from 6th grade to JHS, maturity level etc. was raised. D. Nockles felt that multilevel teaching was not a hindrance, but she did note that the 6th grade is single aged, it is not going to be part of the multi-aging, thus the year before they go into JHS, the students are back with their own age group.

Motion to move the question made, and seconded, voice vote carried the motion.

The moderator was reminded of the petition that the vote on the Article for the School's operating budget be by secret ballot and check list. It was further noted that the vote on the amended motion must be voted before the main motion, not necessarily as a ballot vote.

W. Vahey reviewed the voting process, stating that a vote on the amendment would be a voice vote, and the vote on the main motion by secret ballot. He reminded the voters that the vote before them at this time is voting on the amendment to see if the School District will vote to raise and appropriate the sum of \$2,504,799. C. Miller objected to the voice vote, but W. Vahey stated that he was "sticking to his guns" and a voice vote would be called for. He further explained that a Yes vote for the amendment would mean a vote to raise the sum of \$2,504,799. A voice vote did not carry the amendment.

Going back to the main motion, W. Vahey read...To raise and appropriate for the support of the Schools, \$2,565,350., and that will be voted on by ballot. I. Cross reminded the audience that the people who signed the petition requesting a secret ballot had every right to do so, but questioned whether there was a feeling by the voters present that the ballot vote could be waived; a majority of those present agreed. I. Cross then turned to C. Miller and "appealed to his good judgment", feeling that nothing could be gained by holding the secret vote, and asked him to consider withdrawing the need for a secret ballot. C. Miller responded that it was not only his name on the petition, and felt that a secret ballot should be held.

W. Vahey explained that a vote of YES on this motion is to vote to appropriate the sum of \$2,565,350. From the floor, a motion to reduce the budget by \$60,551., conditioned upon passage at a later time of Article #8 was made and seconded. Motion was declared out of order because of the 'condition contingency' of the motion by W. Vahey. G. Hankin proposed another amendment, stating that he feels very strongly that he would like to see the classroom situation at Swasey continue, but he also realizes that there are budgetary constraints, and with that in mind, he motioned to amend the amount to \$2,600,350., which would keep everything in place, and keep the teacher that is supposed to be laid off. Motion seconded.

I. Cross commented about the money that has been turned back to the town, and that while it is fine to talk about the pluses, there are also some minuses that should be aired, and he proceeded to review the amount of unredeemed taxes on the roles for the past 3 years, which total over a million dollars. He commented that he was 'glad the School and Selectmen turned back money', noting the decrease in new valuations, decrease in revenues, valuation adjustments, etc. It is his feeling that the voters should go along with the BudCom and School Board recommendations. C. Mitchell reminded the voters that if teachers are brought back, the reduction in class size does not mean better education. Discussion from the floor ensued, both pro and con. L. DeYoung reminded the voters that if the extra money is voted, it does not mean that it will be used for hiring teachers, since it is the School Board's prerogative to manage the money appropriated.

Motion made and seconded to move the question. Voice vote carried the motion.

W. Vahey announced the vote on the amendment, to vote to raise and appropriate the sum of \$2,600,350. for the operation of Schools. Motion did not carry by voice vote.

Back to the main motion to appropriate the sum of \$2,565,350., and a question was raised from the audience regards whether action could be taken to amend this figure at a later time during this meeting (i.e. after most voters leave the meeting). The moderator responded that his advice would be that interested voters should stay until the end of the meeting. Some clarification of this issue came from the floor.

At this time, the a secret ballot vote was held. Supervisors of the check list were present.

The ballot vote carried the motion, 106 in favor of the motion, 18 opposed.

2. To see if the District will vote to raise and appropriate the sum of \$17,296. to pay Brentwood's share of interest on a capital improvement project at Exeter Area High School, as required by the Amended Area Agreement. Recommended by the BudCom. G.Turcotte moved the Article, and it was seconded.

G. Turcotte moved to amend to \$14,400., and this was seconded.

Discussion: G. Turcotte spoke to the reason for this reduction; i.e. the funding of the project, and the interest on the 2.3 million dollar bond, at 5.2% x 8 years, with the \$14,400. being Brentwood's share, according to the Area Agreement. I. Cross noted that at the time this was given to the BudCom, the figure was an estimate, and he welcomed the reduction, noting that next year this figure will be part of the regular School Budget. Discussion regards the interest rate, fixed rate etc. ensued. The proposal is at the highest rate; it will not be higher.

Motion to move the question was made, seconded and carried by a voice vote.

W. Vahey explained that at this time the vote is on the amendment to see if the District will vote to raise and appropriate the sum of \$14,400. to pay Brentwood's share of interest on a capital improvement project at Exeter Area High School, as required by the Amended Area Agreement. Amendment carried by voice vote.

Next, the main motion as amended, to raise and appropriate the sum of \$14,400. to pay Brentwood's share of interest on a capital improvement project at Exeter Area High School, as required by the Amended Area Agreement was voted, and carried by voice vote, after clarification that the interest of \$14,400. is for one year.

3. To determine and appoint the salaries of the School Board and Truant Office and fix the compensation of any other officers of the District. L.DeYoung moved, seconded from the floor to accept Article 3.

Discussion: Question of whether there is a truant officer came from the floor; the School Board Chair was recognized as serving in this capacity, at a salary of \$1./year. Motion made, seconded to move the question; carried by voice vote. Article 3, as read was recommended by voice vote.

4. To see if the District will vote to raise and appropriate the sum of \$19,074. for acoustical panels and/or ceiling tiles for five classrooms in the Swasey Central School. Recommended by the BudCom. Article moved by G. Turcotte, seconded by C. Mitchell.

Discussion: G. Turcotte amended the motion to recommend \$8,700. L. DeYoung seconded. G. Turcotte spoke to the amendment, noting that original amount was based upon limited bids. The work is needed to address acoustic problems in 5 classrooms. She described the work to be done. Questions from the floor regards the proposed work were responded to; C. Miller spoke in favor of this Article. D. Tash spoke to the favorable reputation of the proposed contractor.

A vote on the amendment, to see if the District will vote to raise and appropriate the sum of \$8,700. acoustical panels for classrooms in Swasey School. Motion carried on a voice vote.

A vote on the main motion as amended was called; motion carried on a voice vote.

5. To see if the District will vote to authorize the School Board to apply for, accept and expend without further action by the School District Meeting, money from any source that becomes available during the fiscal year. Said money must be used for legal purposes for which the School District may appropriate money; requires a public hearing on the action to be taken; and must not require the expenditure of other School District funds. So moved by L. DeYoung, seconded by C. Mitchell.

L. DeYoung moved to amend to the following wording in accord with a new RSA 198 20-b., that allows the District to "get the funds on a continuous basis, and not have to vote on this each year".

"Shall the School District accept the provisions of RSA 198:20-b providing that any school district at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the school board to apply for, accept, and expend, without formal action by the school district, money from a state, federal, or other governmental unit or private source, which becomes available during the fiscal year."

Discussion: Question from the floor regards whether this change would negate the need for public hearing. Response is that the public hearing requirement is contained in the Law. L. DeYoung noted that the amendment to the article, i.e. the new wording, only means that this article will not have to be voted every year, but public hearing is still required.

Motion to move the question was made, seconded, voice vote carried the motion.

Call for vote on the amendment; carried by voice vote.

Call for a vote on the main motion as amended; W. Vahey asked if there was a need for him to read it again, and there was not. Motion carried by voice vote.

6. To hear the reports of agents, auditors, committees, of officers and pass any vote relating thereto. Moved by L. DeYoung and seconded by G. Turcotte.

Motion from the J. Byrne to table this article until after discussion on other articles, second from the floor. After some further discussion, and recognizing that there were no reports from the past year, this motion was declared unnecessary.

7. To choose agents and committees in relation to any subject embraced in this warrant. Motion to table article 7 until after article 10 made and seconded. Motion carried by voice vote.

8. Motion by J. Byrne, seconded from the floor to postpone indefinitely Article 8.

Discussion: C. Miller objected to this, and felt that discussion should be held, and he further stated that he did not know how Article 8 could be postponed indefinitely, when his request to postpone Article 1 was ruled out of order. W. Vahey ruled that these were 2 different sets of circumstances, since Article #1 had already been accepted on the floor. No further discussion. Vote called for on the motion to postpone, indefinitely, Article 8. Motion carried by voice vote.

I. Cross requested and was granted, by motion and counted vote, a 5 minute delay in the meeting, while he prepared his presentation on Article 9.

9. BY PETITION

We the undersigned registered voters of Brentwood, NH do hereby petition that the following article be placed on the School District Warrant for the meeting of March 5, 1992.

1. To see if the Town will vote to request that our School Board appoint a Committee of 5 diverse Brentwood citizens to study the advisability of having financial services (that are currently provided through the SAU for the Brentwood School District) returned to Brentwood in time for the 1992-93 school year. Motion from the floor made to move the article, and seconded.

Discussion: I. Cross asked for a slight amendment to the article, asking to strike the time frame (in time for the 1992-92 school year) which was seconded. After clarification the amendment will read

To see if the Town will vote to request that our School Board appoint a Committee of 5 diverse Brentwood citizens to study the advisability of having financial services (that are currently provided through the SAU for the Brentwood School District) returned to Brentwood.

I. Cross discussed the rationale for this Article. He presented a scenario on how the present fiscal affairs are handled, voicing his concern that time and money are being wasted in these efforts at this time. He based this scenario on a visit to the SAU office, and a tracking of the work flow.

A vote on the amendment was called, and carried by voice vote.

A vote on the main motion as amended was called, and carried by voice vote.

2. To see if the Town will vote to request that our School Board negotiate quarterly payments of our share of the operating expenses of SAU #16 budget. I. Cross moved the article, and this was seconded.

DISCUSSION; I. Cross noted that discussion has been held with the School Board, and the SAU to negotiate these quarterly payments. At the present time payment is made on a once/year basis, and quarterly payments would mean that the dollars would be left in the Town's coffers to accumulate interest. C. Mitchell noted that negotiations are in process.

A vote on the Article 9:2 was called and carried with voice vote.

10. By Petition:

We the undersigned voters of Brentwood, NH do hereby petition that the following resolutions be adopted by the School District Meeting of 5 March 1992:

1. BE IT RESOLVED that all minutes of school board meetings and proceedings relative thereto, be made available in accordance with RSA 91-A. Be it further resolved that all such minutes be made available upon request at the Swasey Central School in Brentwood. I. Cross moved the article, and it was seconded by E. Sherry.

Discussion: I. Cross was pleased to announce that this is already being done, and he feels that the resolution means that the voters agree that the way you are now doing is fine, and lets keep doing it that way.

A call for a vote was called and carried by voice vote.

2. BE IT RESOLVED that the agenda for all school board meetings be designed to permit regulated public participation by residents of Brentwood, and that such participation be permitted before, during, and after the conduct of other business at such meetings, and that agendas be posted in two public places at least 24-hours (excluding Sundays and legal holidays) prior to such meetings. Motion made and seconded to move Article 2.

Discussion: I. Cross stated that once again, he feels the School Board at this particular point is pretty much doing this, but there have been times when problems have arisen, and the meetings may have to be loosened up in order to satisfy the citizens. C. Mitchell felt that regularly scheduled SB meetings are run "pretty loose", and she does not feel anyone has been denied answers to questions. She reviewed the present procedures, which she feels are quite lenient, but structure is needed in order to get the work done. She is not in favor of allowing discussion during the meeting, except under extenuating circumstances. I. Cross continued his opinion that citizens should be allowed to discuss. C. Mitchell still feels establishing a rule that before, during and after (the meeting) there is going to be discussion will interrupt the efficiency of getting the meetings done. She also feels that with the new 5-member board, there will be an extension of discussion between the members, thus extending the time of the meetings. L. DeYoung agreed with C. Mitchell's observations. C. Miller noted that the reason for the petition was that at School Board meetings in the past, citizens have not been recognized, and he is in favor of the article. A. Lampert reviewed his perception of the School Board's procedures, and felt that there are items where there can be no discussion. Dialogue regards resolution being mandates ensued with some disagreement. Motion to move the article was made and seconded, and carried by voice vote.

A call for a vote on article 10.2 BE IT RESOLVED that the agenda for all school board meetings be designed to permit regulated public participation by residents of Brentwood, and that such participation be permitted before, during, and after the conduct of other business at such meetings, and that agendas be posted in two public places at least 24-hours (excluding Sundays and legal holidays) prior to such meetings, carried by voice vote.

3. BE IT RESOLVED that any and all executive sessions held by the school board be held in strict accordance with RSA 91 -A:3, as that section may hereinafter be amended. E.Trump moved to table the Article. Motion was seconded.

Discussion: This is undebatable because it is the law. Vote on the motion to table called and carried by voice vote.

4. BE IT RESOLVED that the school board adopt a written policy consistent with ED 303.01 and ED 304.01 of the Rules of the NH Department of Education. BE IT FURTHER RESOLVED that the school board adopt a policy describing the substantive duties which are stated at ED 302.2 of the Rules of the NH Department of Education. I. Cross moved this article, and motion was seconded.

Discussion. Rationale for this resolution reviewed by I. Cross. All he is asking is that the new 5-member school board sit down and develop a policy on all of these substantive duties.

A vote was called, and motion carried by voice vote.

5. BE IT RESOLVED that the school board accept and answer, to the best of its ability, and before consultation with advisors, verbal as well as written questions by residents of Brentwood in attendance at regularly scheduled school board meetings. I. Cross moved this article, seconded by C. Miller.

Discussion: I. Cross stated that his feeling is that the Supervisory Union is an excellent support system, but he thinks that the elected officials should do their best to answer their constituents questions. He noted that he was at one meeting where a question was asked and answered directly by SAU personnel. C. Miller agreed with this contention, stating further that this whole petition was put together in response to the frustration felt by the people who attended school board meetings. L. DeYoung stated that there is a large misunderstanding about the duties of the administrative end of the SAU and the School Board. The School Board is the policy making part of the process. The SAU is the administrative function, with responsibilities mandated by State Law. As lay people, the School Board is not legally allowed to handle the duties that I. Cross and C.

Miller would like them to do. Some debate on the issue ensued, regards the intent of this resolution. K. Veinotte stated that her feeling was that no one should take issue with this resolution, and that the Board should be doing all of these things now, and that the Board is not being asked to respond to questions that would cause legal problems. C. Mitchell reiterated that the Board makes every effort to respond to questions. Motion to move the question was made, seconded, carried by voice vote.

Voice vote was called on 10.5 BE IT RESOLVED that the school board accept and answer, to the best of its ability, and before consultation with advisors, verbal as well as written questions by residents of Brentwood in attendance at regularly scheduled school board meetings, and motion carried by voice vote.

11. To transact any other business that may legally come before this meeting.

Point of order by D. Millner that article 7 was next, and he motioned to take article 7 off the table, and this was seconded from the floor. and motion carried by voice vote.

7. To choose agents and committees in relation to any subject embraced in this warrant. It was noted that there were no committees to be chosen. No further discussion, and since it is a "dead article" moved to article 11.

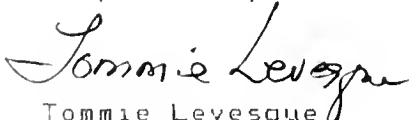

11. To transact any other business that may legally come before this meeting.

C. Mitchell - on behalf of the School Board, she thanked Gail Turcotte for her very hard work over the last 3 years. "She was driven by the fact that she wanted to do things right, and because this was her town, that she grew up in and was educated in, she served with her heart, and for that we are very grateful."

She also thanked T. Levesque for her help as interim SB secretary, and also W. Vahey for serving as Moderator.

12. Motion made by C. Mitchell and seconded by G. Turcotte to adjourn at 10:05, with motion carried by voice vote.

Respectfully submitted,

Tommie Levesque  
Interim School District Clerk

## **REPORT OF THE SAU 16 ADMINISTRATION**

**MARCH 1993**

**William J. Clancy, Superintendent  
Kathleen M. Lynch, Assistant Superintendent  
John H. Moody, Assistant Superintendent**

**In July, 1992, the SAU welcomed John H. Moody as a new Assistant Superintendent with primary responsibilities in Kensington and Stratham.**

**Robert Teel was appointed to the principalship of the Kensington Elementary School, and the process to fill the principalship vacancy at Stratham Memorial School may have been completed by Annual School District Meeting time.**

**The science department addition at ERHS has been completed, and the facility has been in use since February 1993. This is the first project authorized and completed under the amended AAER Agreement.**

**The Exeter Main Street School addition and renovation will be completed for use in September 1993. Main Street School will serve Kindergarten, Grade 1 and Grade 2 while students in Grades 3 to 5 will attend Lincoln Street School.**

**A revised Social Studies curriculum was approved for Grade K thru 6 in the SAU #16 schools. This revision is a part of the review of elementary programs conducted by SAU teachers and administration on a rotating basis.**

**Teacher negotiations have been completed in Brentwood, Exeter and Newfields. At the time of this report, East Kingston's teacher negotiations are continuing.**

**SAU #16 member districts have been provided with technical assistance and training in several areas of federal mandates. These include the Americans with Disabilities Act, Section 504, and special education mandates. SAU #16 also arranged for reinspection of school buildings in member towns to insure compliance with federal asbestos requirements.**

## PRINCIPAL'S REPORT

The Swasey Central School has had an active year as we prepared for reorganization. Staff have attended workshops and meetings which stressed the philosophy and strategies involved in multi-aging. A series of parent meetings were held in order to keep the parents informed about the upcoming change and near the end of the 1992 school year, the students also became aware of what was in store for them as the second and third graders were joined together as a 2/3 team and the fourth and fifth graders joined in a 4/5 team. Although there were many questions at the end of the school year, most of the questions and concerns have dissipated over the first half of this year and much more often the comment is made, "I like having the two grades together."

We are currently refining a grading process which stresses developmental milestones and student's individual progress along a continuum. We are trying to instill in them the belief that it is hard work that brings results and all children are deserving of it if they put forth the effort. This past quarter 84% of the students at 4th, 5th and 6th grade level achieved honors and high honors.

We have several new staff members this year. Nancy Leavitt became our new Music Teacher when Nancy Jamrog resigned in June. Nancy had been teaching in East Kingston and Newfields and now teaches in all three towns. Her innovative Holiday program in December delighted a bulging audience. Larry Averill resigned in September to take a full-time Physical Education position in Newmarket and we were delighted to welcome Kathy Lobdell who began teaching in October. Kathy has continued the jumprope club and is currently operating a successful after school basketball program. At Thanksgiving Madeline Kerr resigned to move to Pittsburgh and we were able to hire Susan Oechsle, a fine art teacher, who has breathed new ideas into our art program in the few months that she has been with us.

In addition, we have a Japanese intern who started in December and will be leaving us at February vacation. Sanae Abe has been instrumental in helping us to reflect on a totally different culture. She teaches our older children the language and customs of Japan and has worked in the younger children's classrooms doing origami and other art projects as well as enhancing their cultural awareness.

Page Two

Our volunteer program is stronger than ever and has just won its eleventh Blue Ribbon for exemplary service to the teachers and students of Swasey School. Thanks to the imagination and hard work of Diantha Wade, a parent volunteer, the library has a magnificent Japanese display which will remain in place for the next few months. Another of our volunteers is helping to teach our children a second language. Cathy Jeffrey comes in two days a week to instruct our second and third graders in Spanish.

As Brentwood celebrated its 250th anniversary this fall, we were all encouraged to look back at Brentwood's rich past and its continuing goal of offering the best education for its children. We at Swasey School join with the town in continuing to foster this goal.
